

Simple Bolt Together Solutions

- Simple and economic - cut & bolt together - no welding needed.
- No painting or drilling required.
- A versatile construction system: ideal for work benches, shelving, trolleys, partitions and framework.
- Available in a choice of sizes.

Construction Angle

Cold rolled mild steel, pierced on 3" pitch, phosphated, electrostatically sprayed and stove enamelled graphite grey. Hot dipped galvanised for arduous conditions.

SIZE	TYPE	CODE
1 1/2" x 1 1/2"-14 SWG	10' Grey	E15010GX
	12' Grey	E15012GX
	10' Galv	E15010GS
1 1/2" x 2 1/4"-14 SWG	10' Grey	E22510GX
	12' Grey	E22512GX
	10' Galv	E22510GS
1 1/2" x 3"-14 SWG	12'6" Grey	E300125GX
	12'6" Galv	E300125GS

Slotted Strip

1 3/8" x 12 SWG steel for joining angle together.

SIZE	CODE
6' Grey	SFSGX
6' Galv	SFSGS

Nuts & Bolts

Zinc passivated and lacquered.

SIZE	CODE
5/16" x 5/8"	NB56HH5BZG
5/16" x 15/16"	NB56HH10ZG

Castors

TYPE	FIXED	SWIVEL
A	CBF	CBS
B	CCF	CCS
C	CEF	CES

2 1/2" nylon wheel castor. 120 lbs per wheel load.

2 1/2" steel wheel castor. 160 lbs per wheel load.

5" rubber wheel castor. 130 lbs per wheel load.

Tension Plates

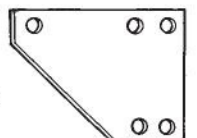

Tension plate for use with 1 1/2" angle. Painted in Graphite Grey with Light Grey reverse or galvanised finish.

COLOUR	CODE
Painted	ETPGXGW
Galvanised	ETPGT

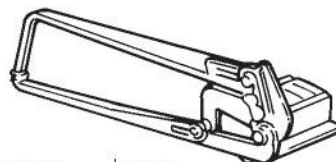

Heavy duty tension plate for use with 2 1/4" and 3" angle. Painted in Graphite Grey or hot dipped galvanised finish.

COLOUR	CODE
Painted	UCPHDGX
Galvanised	UCPHOGT

Portable Angle Cutter

Single stroke cutter for use with all angles.

DESCRIPTION	CODE
Cutter	C
2 Replacement Blades	CB
